

Golf....for a cause

On May 29 at 11 A.M., the BMW Car Club of Houston will host a Charity golf tournament at the Cypress Lakes Golf Club in Houston. Proceeds of this event will benefit *Homes for Our Troops*. HFOT builds mortgage-free, specially adapted homes nationwide for severely injured Veterans Post 9/11, to enable them to rebuild their lives.

In addition to contributing to a good cause, this event will also be a lot of fun.

It's been rumored that the Cypress Lakes Golf Club has the best greens in Houston. Drive for show, putt for dough.....and to that end – for non-golfers there will be a putting contest. So if you just want to enjoy the event but not necessarily hit long, this may be for you.

Speaking of hitting long – we will have additional guests from *Charity Golf International*. On one of the par 5's, a professional from this group will hit long (about 400 yards) if you wish to make a special donation to *Homes for Our Troops*.

Of course, there will be plenty of food and fun with an auction including a sports memorabilia auction. Fully authenticated items like jerseys, helmets, gloves and photos after the day's work on the links is behind us. And, no, you don't have to drive a BMW or be a club member. This is open to all.

Dates and Times –

- Friday, May 29, 2015
- Registration and Lunch- 11:00 A.M.
- Tournament – 12:00 P.M.
- Cocktails, Dinner & Auction – 5:30 P.M.
- Price - \$125 for greens fees, banquet

Homes for Our Troops is an organization that builds homes for retired Veterans severely injured in a theater of war since 9/11/2001. Over 90 cents of every dollar taken in goes towards these homes. They focus on “Building Homes, Rebuilding Lives” with Rebuilding Lives as the most important aspect. With a home as the center of helping to rebuild the lives, *Homes for Our Troops* provides pre and post-home delivery financial planning and household budgeting, home ownership education and a full year of warranty coverage to ensure that the Veteran is set up for long-term success as a homeowner. They also follow up with the Veterans, and are developing a network to provide assistance with employment, education, training, health, and other issues. They want to provide the linkage between the Veteran and the assistance he or she needs.
