

The Infamous Hair Of the Dog Drive

The Hair Of the Dog drive was originally run in about 1998. It is an easy drive up north of Houston with a few dozen of your Bimmer friends. Of course, it's called the Hair Of the Dog Drive because it is on New Years Day. This has become one of our more popular drives. Past years have included:

The year the temperature never got above 32 degrees,
The year when it rained so hard you couldn't see the car in front of you,
And of course, the year one of the roads flooded out.

Doesn't that sound like fun?

We have had HOD's with as few as 10 cars or as many as 60 cars with well over 100 people.

We will meet at a civilized hour in a less than civilized place, cruise around some of the back roads then stop for lunch. After that, we'll all get back in our cars and take some twisty roads home.

Date: January 1st (of course)
Time: 8:30 AM, 9:00 Departure
Where: The Walmart parking lot, just behind the Burger King
Address: 3020 SH 242
College Park Drive is also known as SH 242
At the North West intersection of SH 242 and I-45
SH 242 is about 2 miles North of The Woodlands
Late or Lost: Call WarCamp's Cell 281-703-7688
Questions: WarCamp@swbell.net
Pleeease RSVP to WarCamp@swbell.net

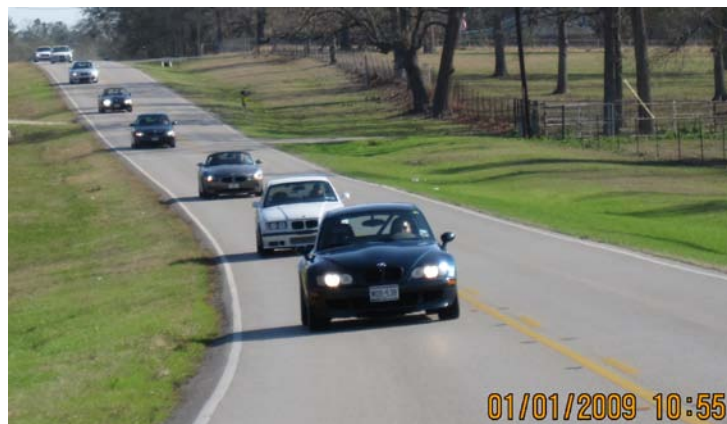

The RSVP is important, I have to setup lunch
Bring your FSR radio – if you have one

For more FSR info, click on the radio

As typical for these drives, it's really important to show up with at least 200 miles in your tank. The good news is that there is a filling station at the North West intersection of SH 242 and I-45. Fillup there, you'll be glad you did. Hey, we'll be glad you did 'because we won't have to wait for you!

We will be back between 3:00 and 4:00 PM.

Civilized? Of course!

See you there,

WarCamp
